carefree

Board+Batten in Sage

No paint. No stain. No hassles. Board+Batten delivers striking style and strength in a vertical panel. Exceptionally solid and tough. With a .050 thickness and our advanced locking system and nail hem, Board+Batten installs faster, resists impacts and hangs tough in high winds. For outstanding durability and a distinctive woodgrain look, Board+Batten has you covered.

**8" BOARD+BATTEN DESIGN**

Installs faster than competitors' narrower panels.

**.050**  
THICKNESS

**.050 THICKNESS**

Tough, impact-resistant and exceptionally durable panel.

**ADVANCED LOCKING SYSTEM AND NAIL HEM**

**175**  
MPH

**WIND SPEED —  
RATED UP TO 175 MPH**

**6-1/4" BOARD WITH  
1-3/4" BATTEN**

**WOODGRAIN APPEARANCE**

Authentic woodgrain appearance replicates the look of freshly painted wood.

**MASTIC HANG-TOUGH™ TECHNOLOGY**

Exclusive formulation and process boosts durability so panels are more resistant to cracking, impact and thermal distortion. As an added benefit, rich color resides throughout the panel — virtually eliminating the appearance of nicks and minor surface scratches.

**CLASS 1(A) FIRE RATING**

**MASTIC V.I.P. LIMITED LIFETIME WARRANTY**

Premium guarantee of lasting quality and peace of mind — backed by Mastic, a trusted industry leader for 50+ years (see warranty for complete details).

**METRO-DADE COUNTY APPROVED**

## BOARD+BATTEN DELIVERS.

**DURABILITY.** If you're looking for siding that is durable and low maintenance, and looks beautiful, Board+Batten siding is the ideal choice. Board+Batten will enhance your home's appearance today — and for years to come.

**NO PAINT, NO STAIN, NO HASSLES.** Board+Batten, a premium panel, never needs paint or stain. Unlike real wood siding, it won't crack, peel, flake or rot. Revolutionary technology like Mastic's exclusive Hang-Tough™ maximizes the panel's weatherability and delivers additional protection — and peace of mind — for your investment.

**COLOR AND TEXTURE.** Featuring a realistic wood grain, Board+Batten is available in 15 base colors.

**PEACE OF MIND THAT LASTS A LIFETIME.** Board+Batten is backed by the Mastic V.I.P. Limited Lifetime Warranty — a real warranty backed by a solid company. Mastic has been a trusted industry leader for more than 50 years. Please see our warranty for complete details.

**A HEALTHY RESPECT FOR THE PLANET —  
AND OUR CUSTOMERS.**

Everything we do, big and small, revolves around our respect for our customers — and the environment. We're committed to zero-waste manufacturing, process optimization, sustainability, recycling and the conservation of energy and water. In fact, we put sustainable practices to work at every stage of our process — engineering, testing, product development, manufacturing, transportation and beyond.

## The beauty of Mastic premium vinyl siding.

Based on an average-size home, repainting or staining can cost up to \$6,000 every four years. Board+Batten never needs painting, caulking or patching because, unlike wood, it won't crack, peel, rot or split.

### NO PAINT. NO STAIN. NO HASSLES.

Since vinyl doesn't require paint or stain, harmful VOCs aren't released into the atmosphere.

### MASTIC HANG-TOUGH™ TECHNOLOGY

Exclusive formulation and process boosts durability so panels are more resistant to cracking, impact and thermal distortion. As an added benefit, rich color resides throughout the panel — virtually eliminating the appearance of nicks and minor surface scratches.

Unlike some fiber cement products, vinyl siding does not produce harmful silica dust — silica dust can cause lung disease.

**MASTIC V.I.P. LIMITED LIFETIME WARRANTY**  
Premium guarantee of lasting quality and peace of mind — backed by Mastic, a trusted industry leader for 50+ years.

See warranty for complete details.

## TEST OUR VINYL. WE DO. RIGOROUSLY. RELENTLESSLY.

**WEATHERING** Color retention (resistance to fading) is tested by subjecting Mastic products to real-time weather conditions and accelerated UV testing. This ensures that Mastic products will hold up in the most extreme environmental conditions.

**VERTICAL HEIGHT IMPACT TEST** Measures the product's durability and ability to resist impact forces — the result of proper thickness, formulation and impact modifiers.

**OIL CAN TEST** Siding panels are placed under heat strips and saturated to 120° – 140°F to make sure the siding doesn't warp or buckle.

**GLOSS TEST** A digital readout microgloss meter is used to scan siding to determine if its gloss falls within a target range. Gloss is important to the aesthetic appeal of the siding.

**COLOR READ TEST** Using a spherical spectrophotometer, a 10,000-watt xenon flash tube bounces light off siding panels. This information is then analyzed to determine if the color falls within accepted ranges for consistency and match.

**RIGIDITY** Panels are designed and engineered to be more rigid so siding remains straight on the wall.

# MASTIC HOME EXTERIORS. THIS IS THE EXTERIOR SOLUTION.™

Only the best. Mastic Home Exteriors is your solution for the finest-quality vinyl siding products and our exclusive Designer Accents™ collection of finishing accessories. Shutters. Decorative door and window mantels. Corner posts. Blocks and vents. Columns and gutters. All designed to perform — and coordinate — perfectly with your Mastic siding.
