MALARKEY DECORATIVE
HIP AND RIDGE

Crown your home with a beautiful finishing touch...

THE LEADING EDGE IN RIDGE TECHNOLOGY IS MALARKEY'S NEW

EZ-RIDGE™ & EZ-RIDGE XT™

Finish your roofing project with Malarkey decorative hip and ridge shingles. Their elegant design and unmatched quality will add value and beauty to one of your most cherished possessions, your home.

For over five decades Malarkey Roofing Products™ has been dedicated to making quality roofing. That same quality and craftsmanship goes into Malarkey's designer ridge shingles.

Available in a wide range of colors, Malarkey decorative ridge shingles complement any roofing selection. Their strength begins with our exclusive, durable fiberglass mat which we then coat with a premium asphalt which is "rubberized" by blending it with Styrene-

Butadiene-Styrene (SBS) polymers. This creates a strong, long-lasting shingle.

Malarkey's newest high-profile ridge shingles are the EZ-Ridge™ and EZ-Ridge XT™.

Laminated construction makes these decorative ridge shingles stand out above all the competitors. Enhanced self-adhesive wind seals make Malarkey EZ-Ridge™ seal better than the average hip and ridge shingle. SBS "rubber" modified asphalt makes EZ-Ridge™

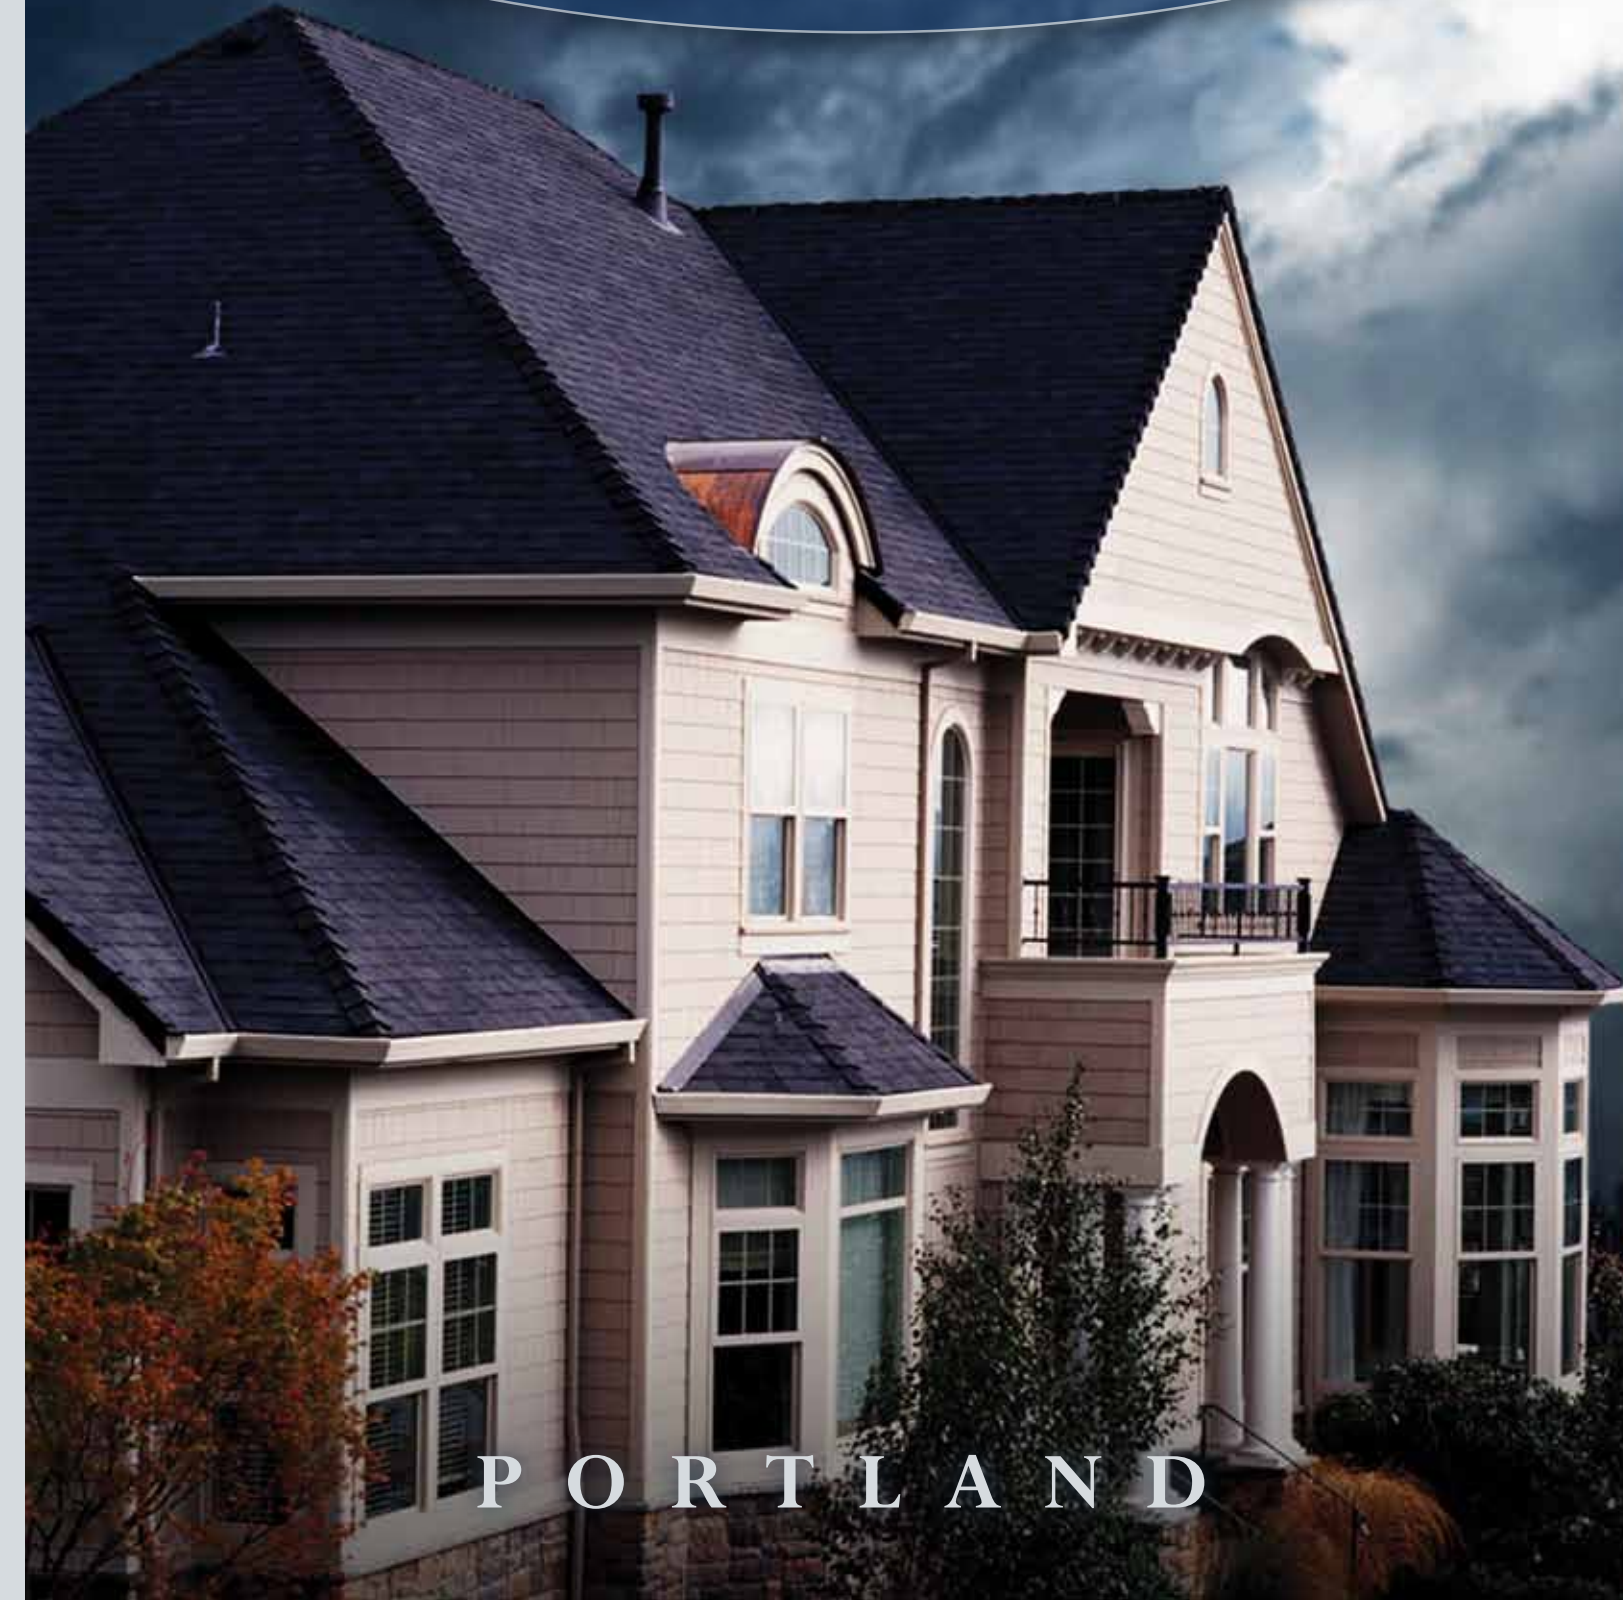

more durable, which means the beauty of your roof will last longer. Choose Malarkey EZ-Ridge™ to enhance your roof's profile and boldly distinguish the look of your home.

NOTE Sample pieces or photographs of shingles may not accurately represent the true color or variations of color blends that will appear on the roof. Before installation, five or six shingles should be laid out and reviewed for conformity to desired color level. If color levels are unsatisfactory, advise your dealer before proceeding with installation. Colors and specifications subject to change without notice. Limited warranties carry terms and conditions. Contact your nearest Malarkey source for further information. This version supersedes all previous versions. Rev. 5/10.

MALARKEY DIMENSIONAL SHINGLES WITH THE ZONE® PATENTED TECHNOLOGY

FEATURE THESE ADVANTAGES:

- Nailing Area Over Three Times Larger than Standard Laminate Shingles
- Double Rain Seals - Twice the Protection Against Leaks
- Easy Fastener Placement for Correct Installation
- SEBS (Rubber Modified Asphalt) Rain Seals
- Long-Lasting Performance

FASTER INSTALLATIONS WITH IMPROVED QUALITY:

- Eliminates “Fastener Blow-Through”
- Eliminates “The Troughing Effect”
- Eliminates “Backing Strip Fallout”
- Eliminates “Blow-Back Leaks”
- Eliminates “Wind Blow-Off”
- Eliminates “Fastener Shiners”

Malarkey Dimensional Shingles take you beyond the design flaws of old-style laminate shingles. The Zone® makes it easier for contractors to install Malarkey shingles correctly every time.

Patented technology designed to be more waterproof and more wind resistant.
