**SIDING FOR A GREENER  
ENVIRONMENT**

EMCO Building Products' steel siding allows you to treat yourself to the beauty of wood, the durability of steel, and the maintenance freedom you deserve.

**Our Collections**

Improve your home's curb appeal with EMCO Building Products. We have a complete line of steel siding and accessories; aluminum soffit, fascia and rain carrying products, all made to withstand the elements of any climate. EMCO Preserve™ and Weatheredwood™ products are coated with a ceramic hybrid finish giving you a wide variety of color options. Our resilient finish is designed to stand up to intense UV rays, that fade most other siding products within a short period of time.

The EMCO Preserve™ Steel Siding and Accessories collection is available in 25 solid siding colors. To give you design flexibility, this beautiful color selection ranges from neutral colors, such as Northwood and Raffia Beige, to vibrant colors like Red and Autumn Brown.

The EMCO Weatheredwood™ Steel Siding and Accessories collection replicates nature in terms of color and texture. Its unique color palette consists of seven two-tone shades that create the look of naturally stained cedar in a maintenance-free product.

EMCO Preserve™ Aluminum Soffit and Rain Carrying Systems are available in 16 designer colors and has the same ceramic hybrid finish as EMCO's steel lines.

**There's Nothing Better**

EMCO Building Products' steel siding is made from the finest materials to ensure the most dependable siding available in the industry today. Our steel siding is more durable than vinyl, aluminum, wood or fiber cement. EMCO Building Products' steel siding is tough because it's made of a heavy gauge steel, and is finished with a durable, long-lasting coating that resists cracking, peeling, flaking, blistering, chipping, fading and so much more.

## The Finishing Touch

Complete your color scheme with EMCO Building Products' coordinating steel soffit, fascia and rain-carrying systems available in both EMCO Preserve™ and Weatheredwood™. Not only are these coordinating products available in steel, but are also offered in our EMCO Preserve™ Aluminum line. Both lines of home exterior accessories are color coordinated with all of our products, and offer the most attractive and functional system on the market today. Matching or contrasting accents will add a unique finish to your home.

## Home Protection

EMCO Building Products' world class coatings are harder and more scratch and stain resistant than any other product; and are backed by the most comprehensive warranties in the industry. Our tough proprietary finish, enhanced with a DuPont™ Teflon® Surface Protector, prevents stains from penetrating the surface of our products, keeping surfaces cleaner. Extensive laboratory testing has proven that EMCO Building Products' premium coatings enhanced with the DuPont™ Teflon® Surface Protector will without a doubt repel water, oils, and other elemental factors, giving it an excellent lab tested repellency rating.

Get better home performance with ENERGY STAR products and product enhancements. The most efficient way to achieve better energy efficient performance results is through an integrated "whole-house" approach that looks at your house as a system, according to energystar.gov. This means every improvement made that reflects or qualifies as ENERGY STAR will make a difference while protecting the environment. EMCO Building Products' premium collections are coated with an ENERGY STAR compliant paint finish making EMCO Building Products' steel siding exteriors perform better than other siding products on the market. Our coatings also contain Cool Paint Technology™. This advanced coating is designed for superior energy performance by using reflective pigments in the paint to help reduce the energy consumption.

CoolPaint  
TECHNOLOGY™

## Worry Free

EMCO Building Products' Steel Siding and Accessories are virtually maintenance-free, just the quick rinse with your garden hose will keep your siding exterior looking beautiful and clean. You'll never have to paint or stain your home again.

## Warranty Tough

To give you added peace-of-mind, we back our EMCO Preserve™ and Weatheredwood™ steel siding collections with a “no nonsense” Limited Lifetime Transferable Warranty. This unbeatable warranty includes a thirty-five year chalk and fade guarantee, along with a fifty-year hail protection warranty.

## **EMCO Uses The World's Most Recycled Material**

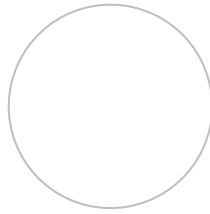

Ninety-five to one hundred percent of steel and aluminum is recycled globally and the life expectancy is far greater for steel and aluminum products compared to most other materials such as vinyl, wood or fiber cement. Steel siding and aluminum soffit and rain carrying systems are 100% recyclable at the end of a long useful life; and on job-sites, steel and aluminum material waste is easily separated and recyclable. We strive to manufacture products that promote a healthier environment for all. From the stringent eco-guidelines followed by our paint line to our commitment to using recycled steel and aluminum. EMCO Building Products keeps moving forward with the environment.

Recycling steel and aluminum on a job-site is also compensated by the value given when recycling in addition, due to the incredible long life and documented durability, steel siding makes an attractive investment not to mention it is aesthetically pleasing. EMCO Building Products is focused on promoting and supporting our environment in all that we do. We are committed to finding ways that we can lead the industry in reduced environment impact.

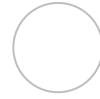

# The Accent Guide

Selecting the right color scheme for the exterior of your home is a significant decision. EMCO Building Products has put these siding and trim selections together to help you get inspired and assist you in the decision making process.

The largest circle sample in the following color schemes represent the steel siding colors available for your home siding.

The 3 smaller circle samples complement the larger sample and represent steel and aluminum trim colors.

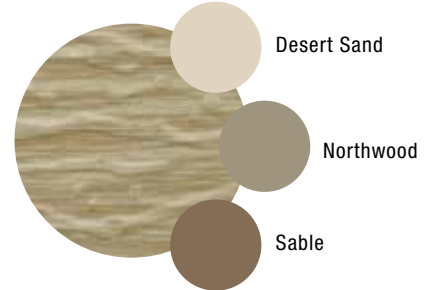

**White Oak**

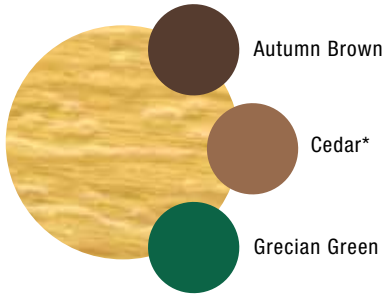

**Sahara**

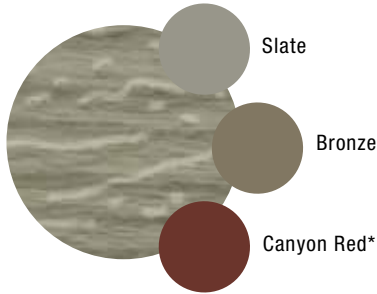

**Pecan**

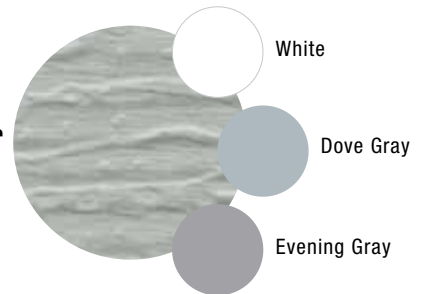

**Dark Natural**

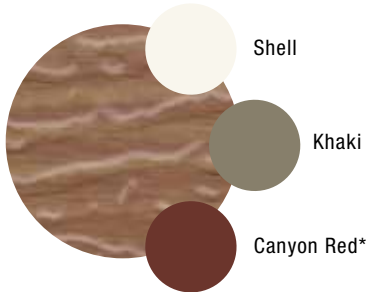

**Driftwood**

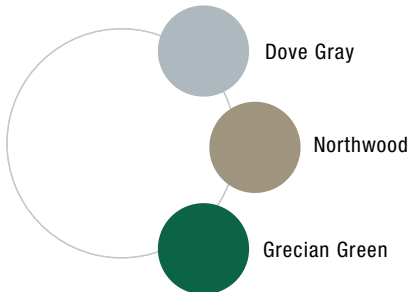

**Cedar Gray**

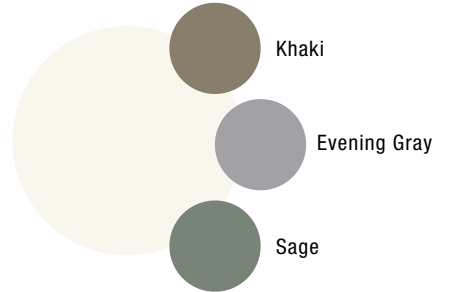

**Redwood**

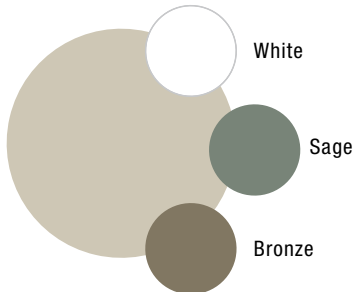

**White**

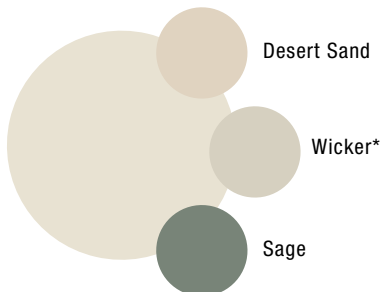

**Shell**

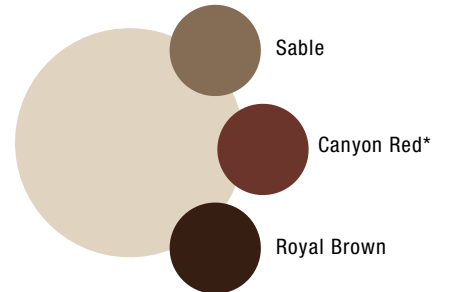

**Sandstone**

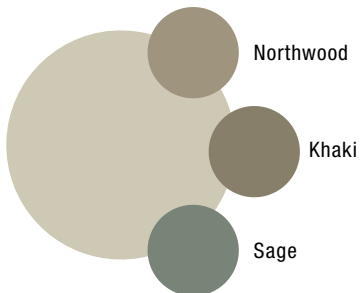

**Raffia Beige**

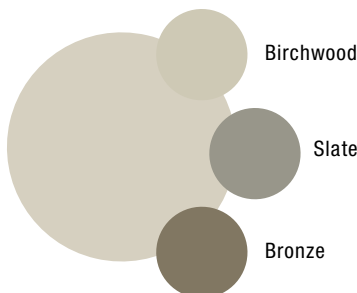

**Desert Sand**

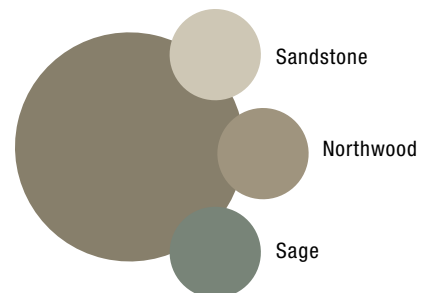

**Birchwood**

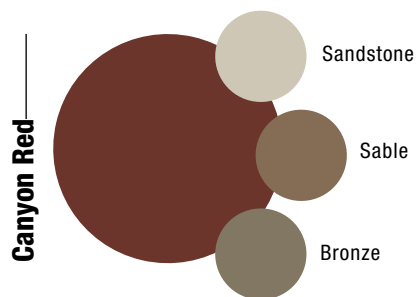

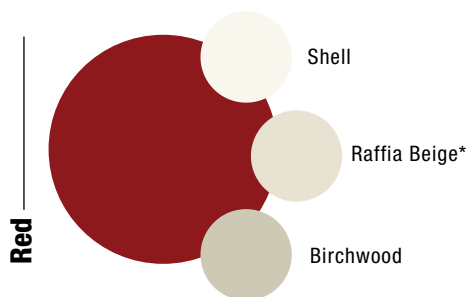

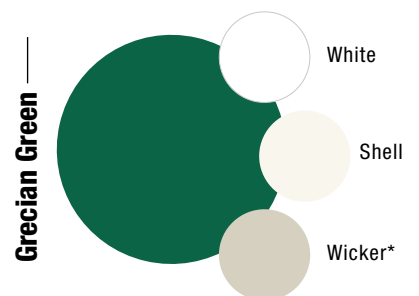

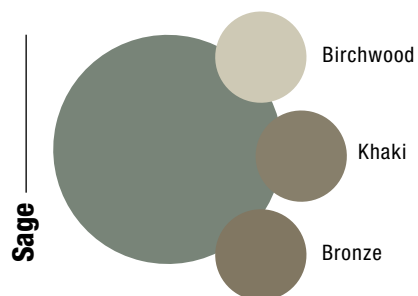

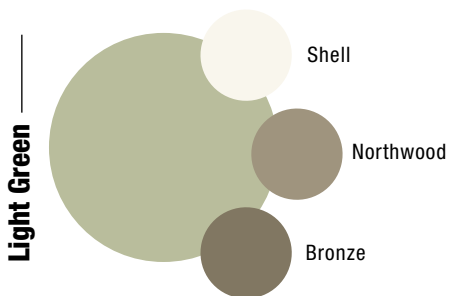

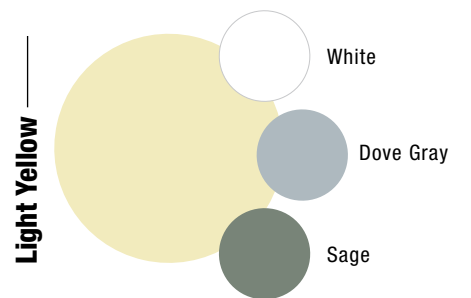

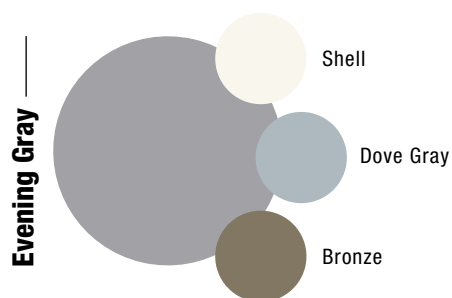

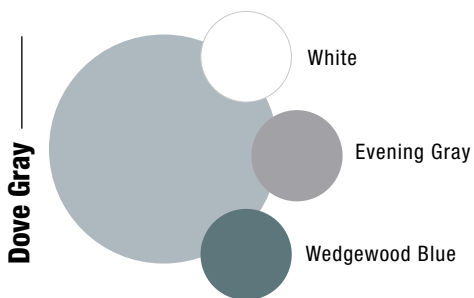

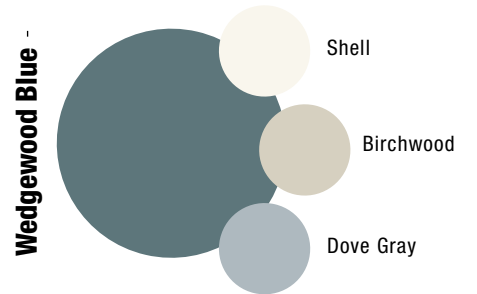

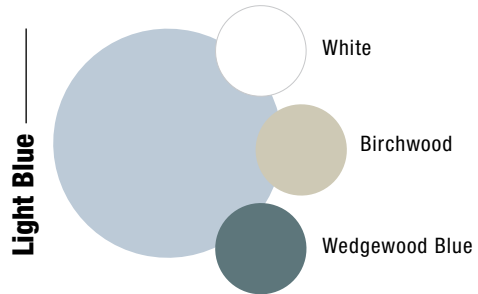

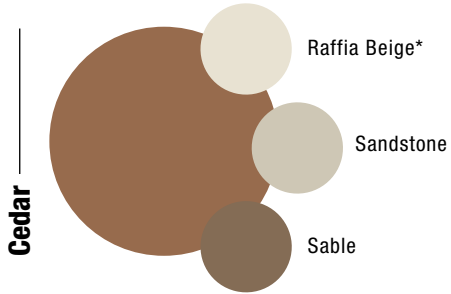

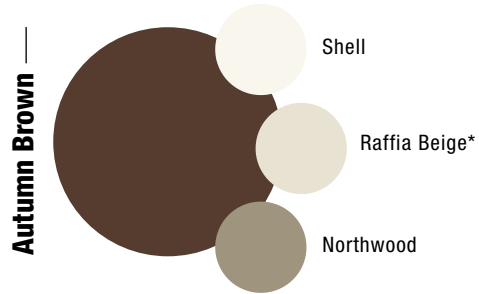

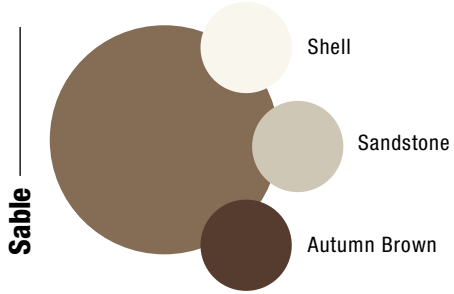

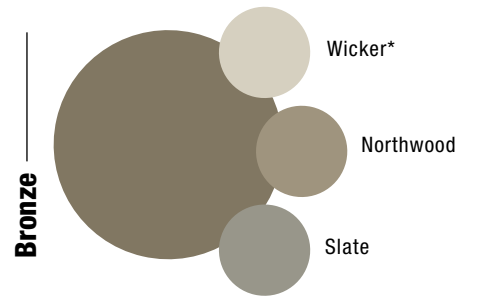

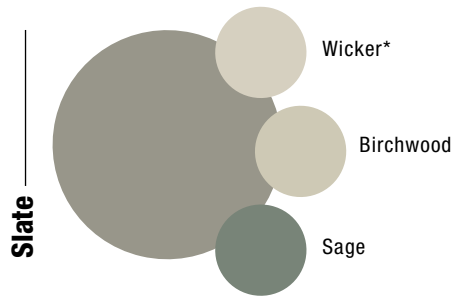

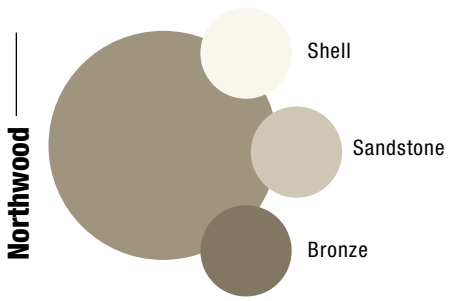

**Wicker**

**Khaki**

\*Available in Steel only.
