

# METAL ROOFING SOLUTIONS

Residential and Light Commercial

## **KENLOC™**

ARCHITECTURAL METAL ROOF SYSTEM

### 1" or 1½" SNAP SEAM W/O CLIP

Attractive and affordable, KenLoc metal roofing features a concealed fastening system allowing versatility in design. This standing seam product is available in an array of materials, gauge options, and color selections. With energy efficiency in mind, panels are offered with cool roof rated finishes to reduce energy consumption. The versatility of KenLoc makes it perfect for a rural home or a contemporary urban installation.

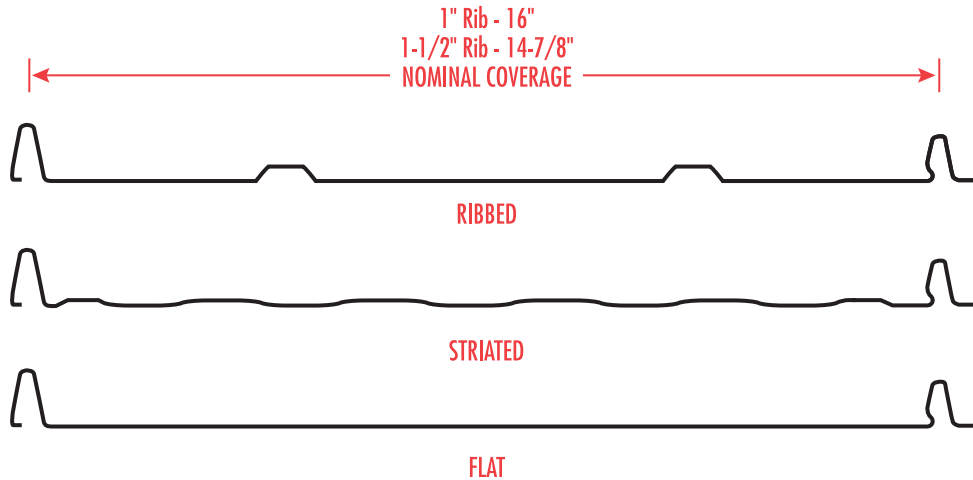

### WHY A METAL ROOF?

Today more than ever, choosing metal roofing is one of the best investments decisions you can make for your home or agricultural roof installation. A metal roof offers you durability, longevity, and energy efficiency. **A metal roof - the last roof you may ever need to buy!**

Shown with recommended reinforcement ribs

**KENLOC™**

**24 Gauge Grade 50 Structural Steel**

- Kynar 500® Paint System
- 35-Year Limited Paint Warranty
- 33% Thicker than 26 Gauge

**26 Gauge Grade 50 Structural Steel**

- Silicone Modified Polyester (SMP) Paint System
- 40-Year Limited Paint Warranty

*Custom colors available with increase cost and lead time.  
Color charts and samples available upon request.  
Oil canning is not a cause for rejection. Stiffener ribs and heavier gauges can help minimize oil canning.*
