NATURAL PERFECTION IN A HANDCRAFTED STONE VENEER.

At Ply Gem Stone, we offer a fresh new approach to building design. Modeled directly from nature, our stone veneer is a contemporary and attractive alternative to solid rock and traditional siding. Each piece is carefully crafted to exhibit nature's finest hues, unique textures, and authentic details, which will enhance your living or working environment with the look and feel of natural stone. Manufactured stone has become a favorite among the most discerning architects, designers, and builders nationwide, and sheer beauty is just one reason why. Ply Gem Stone's generous selection of stone is easy to install, cost-effective, and offers a durable maintenance-free appearance that creates a lifetime of lasting impressions.

Hampton Fieldstone

Because Ply Gem Stone is crafted to mirror nature's most sincere variations, inconsistencies in stone hue and texture can be expected. Every effort has been made to ensure the stone colors on our printed and online materials are as close to the actual stone as possible. However, please be advised, photography, printing, and viewing conditions may alter perception of color.

We suggest ordering product samples to confirm color. Ply Gem reserves the right to alter, modify, or delete items from time to time without notice.
